Subject: [HGMC - Board of Directors] Annual Campaign and Musetta Reports

I have no formal report for the board for the month of January. Other than two items noted below.

- Annual Campaign: Wrap-up and follow-up for the first half of the year continues. ***I await news from the board regarding the Donor Appreciation function.*** If there is no firm decision about a sponsor by this board meeting I suggest, sadly, that we scrap the idea for this season. This is not something to be thrown together at the last minute. Since this item has been on the agenda and before your attention since the beginning of the season I don't feel we have unanimous board commitment to actually pull it off.
- Musetta: Work stopped over the holidays on re-construction of the missing archival records and Farm Show hours updates. I *expect* to resume work on the archives soon and *will* have a final calculation input to Musetta and emailed to the members by the end of the month for the Farm Show hours to date.
