

HARRISBURG
GAY MEN'S CHORUS

President's Report for March 2021

- 1) I have a few contacts that I got from Kyle Weary for virtual chorus video producers. Steve, Joseph and I met with one of them last week. We will continue to meet with the others as I contact them.
- 2) A survey was put out to assess members' vaccine status and their comfort level with possible in person rehearsal and performance. The idea being a June weekend when Larry could arrive in Pennsylvania to hold a day of rehearsal followed by a filmed performance with the group. This would eliminate the cost of virtual production, simplify the process of bringing this concert to life and give members something to look forward to. Here are the survey results:

16 members surveyed. 11 responses as of 03/21 at 9:45am

Question: Are you already vaccinated? (11 responses)
