

# President's Report for September 2016

## A. FARMSHOW

- I propose that Bob Nease remain the coordinator with myself as his co-chair.
- Bob has been in contact with Ashley securing the upcoming date of November 19th for bull ride mania.
- Doug has brought to my attention wanting hats to go along with our chorus t-shirts. I think it's a great idea for us to wear them and promote ourselves, not sure everyone will want one. Could they belong to the chorus and be worn by the volunteers? I don't personally care to have another hat...

## B. GRANT WRITING

- Jeff has informed me that nothing pressing needs to be done with this until 2017 and I propose that we sit on it until then. I have put my feelers out on google and found some interesting things we could apply for as well. However, I am happier in a recruiting and promoting role since a lot of my time has been spent out in the community establishing some more connections for us to work with in the future. While I can handle the grants, I would love for someone to offer to take it off of my plate. Writing is not in my wheelhouse, I write like I speak and we all know that leaves much to be desired...

## C. LGBT CHAMBER OF COMMERCE

- I have suggested to Bob that he remain doing that since he is happy in the position and will ask Bill Sprout to step down and let me replace him. I want to know everyone in that group. With Bob by my side we can play good cop bad cop, him being good :-)

## D. OCTOBER FUNDRAISER

- Saturday October 29 at the 704.
- Eddie and Jeff will be the talent and bringing their drag friends.
- I will be coordinating all the food and beverage. I do want to ask Justin if we can pass jello shots for donations in addition to doing a drink special.
- Do we have use of the upstairs? I think it would be fun to utilize it as well, that small of a space has bothered me in the past.
- We need good mics
- We need a decision about the art work so that we have posters, it needs to be in by Monday morning.

## E. PRIDE FESTIVAL

- I have met with Andrew Campbell and the capital city bears. They are going to sponsor the beer and wine tent along with us.
- We need to apply for the plcb license asap, it costs \$85

## F. WPSA FUNDRAISER

- Their member appreciation day is now October 15th if we would like to make that happen.
